# Welcome to Wings of Eagles

Wings of Eagles School of Flight has been providing quality flight and ground training for Private Pilot through CFII ratings to flight enthusiasts since 2000. A Part 61 and 141 FAA approved flight school, Wings of Eagles currently has 14 instructors on staff and a fleet of 14 training and rental aircraft. We are proud to have the only Motus six-axis full-motion simulator in the Middle Tennessee area as well as our newest fleet additions, a 2003 Cirrus SR20, three Cessna 172's, a Cessna 150 and a 1998 tailwheel Super Decathlon.

You too may experience the thrill of flight and catch the flying fever. Come visit us at one of our two locations in Smyrna or Nashville and enjoy a \$59.00 *Discovery Flight*. This 30-minute flight in a Diamond Katana DA20 with one of our experienced instructors gives you hands-on experience of the exhilaration of piloting your aircraft. As a dealer for Sporty's Pilot Shop, David Clark, Jeppesen and Aviall, among other well-known aviation product vendors, Wings of Eagles hosts a flight store at its Smyrna location for your pilot and flight training supply needs. We at Wings of Eagles look forward to having the opportunity to show you a glimpse of what we are able to offer present and future aviators!

*"When once you have tasted flight, you will forever walk the earth with your eyes turned skyward, for there you have been, and there you will always long to return."* Leonardo da Vinci
